**Hardware** If an option for hardware purchase is applicable at the time of your purchase, mobile hardware that is charged to your SMART TELCO & IT account remains the property of SMART TELCO & IT until such time that Bill statement for outright purchase or instalments has been paid in full. Should the statement remain in arrears SMART TELCO & IT reserves the right to recover the mobile hardware.

**Billing / Billing Cycle** Charges and inclusions are metered on a pro-rated basis. Your first bill may look a little unusual or higher than expected for the first month. Telecommunication service providers charge 'in advance'. Your subsequent account from us will revert to the regular monthly charge. Any plan upgrade or downgrade made on days other than the first day of your billing cycle will be fully charged on the day of the change (current month) and on the next day (month in advance) including the plan fee your service is currently connected to. If you cancel your plan or transfer your number to a new provider, you will not receive credits for any unused days remaining in your current billing period. We will send a courtesy Email and SMS as a reminder to you no later than 2 days before your account is due for payment.

**Direct Debit** Your first month's access fee will be direct debited upfront via the payment method nominated on your online order prior to sending the SMART TELCO & IT mobile sim card to you. Future payments will be deducted when your bill is due. Should payment dates be missed or payment unsuccessful, and your account remains outstanding 7 days after your payment due date, your service will be restricted, and your standard monthly recurring charges will still apply. If you are experiencing difficulties making payment, please contact us so we can discuss a suitable payment plan with you. If you do not contact SMART TELCO & IT and your account remains 60 days in arrears, your service will be disconnected.

**Peace of Mind** We will let you know once you reach your call or data limit, and you can choose to purchase more credit. If you do not purchase more allowance, we may limit your service (to free outgoing calls only if you have run out of call credit or no downloads if you have run out of data) until your plan starts a new billing month. More credit can be purchased by way of Excess Spend Limit, you may choose to have an excess spend limit of your dollar value choice. Once you have used all your included data, you can purchase Data Bolt-Ons these can be added any time during a billing cycle. Any remaining data on your previous data top-up will forfeit once you purchase the next one. All top-up data will expire upon your next billing date.
